

Tour to Argentina!

Usutu Forest Primary School will be embarking on a soccer tour to Argentina in November. The senior soccer team has won the Inter-Schools soccer festival in Swaziland for the past 5 years in a row, and this tour will be most beneficial for the following reasons:

- . It will develop their skills and talents.
- . Promote understanding and tolerance through international exposure and travel.
- . Experience a global community and a different culture.
- . Have a life-long, unbelievably, unforgettable tour.

The boys will be visiting 3 major destinations on tour, namely: Buenos Aires, Mar Del Plata and Rosario. They will face three U13 club teams from the three afore-mentioned areas and will be looking to make themselves and their school proud.

While on tour they will also get to experience the many sites and sounds that Argentina has to offer.

The tour has been organized by a Company called Travel & Sport who are based in Pretoria, South Africa.

We would like to express our gratitude to the following sponsors who have contributed to the tour: Shaks Cellular, Fedics, City Office Machines, Swaziland Beverages, Visioncare, Ngwenya Glass and Pick'n Pay. If there are any companies who would still like to contribute in any way, be it in the form of a monetary value or other; please contact Mrs. Hulett at the school on the following number: 467-4134.

Jacques Muller
Sports coordinator / Soccer Coach
